

The Woodwork Features:

- Flawlessly hand-carved from figured maple with rosewood trimmings
- Classic hand-rubbed Oil finish
- Neck-through-Body Design of 3-piece or 5-piece construction
- Optional Graphite Carbon-Fiber inlaid neck (II G Model)
- Perfect Lap Balance
- 24 Fret (2-Octave) select rosewood fingerboard (34" scale with pearl inlays)
- Dual flex-action truss rod

The Electronics

This model has a unique Active/Passive unit combined on a double-sided Printed Circuit Board. This circuit is Second To None.

Active Circuit

- 4-Position Variable State Filter with low pass, band pass, high pass & notch
- Frequency & 'Q' control to adjust the filters
- Envelope follower with 'up' and 'down' drive control

Passive Circuit

- Master Volume Control
- A Balanced Control for Blending the Pickups
- Midrange roll-off Tone Control
- Low frequency-cut and a stand-by switch

This circuit is mounted on a 24 karat gold plated brass control plate with all functions engraved in the plate. Other features also included are:

- Gold plated flat head switches with L.E.D. indicators
- 4-position filter-select rotary switch/L.E.D. indicators
- Custom Style Pots with conductive plastic elements & black aluminum control knobs
- Pre-Amp ON/OFF switch
- Custom wound Smith Humbucking Pickups.

This Bass can be powered by the batteries inside the Bass or by our custom power supply. The Preamp batteries last about 6-7 months (3 milliamps) and the L.E.D. battery lasts about 2-3 months (10 milliamps)

The Smith Power Supply/Direct Box Features:

- A 110V-220V power transformer with Fuse & L.E.D. power indicator
- Direct box with microphone or line level output (attenuator switch)
- Effects-loop to use other effects direct with Bass
- 5 pin cannon connector with Belden 8424 cable (20 ft.)

Final Assembly Parts & Features:

- 12 ft. Lawrence Phone Cable with brass plugs
- Gold plated Schaller machines
- Gold plated custom design Leo Quan Bass Bridge
- Inlaid Strap-Loks®
- Custom hand peaked nickel silver frets
- Custom brass nut with scallop design
- Custom balanced Smith Bass strings
- Gold plated logo, truss rod cap, back plate and screws
- Custom plush lined hardshell case with key lock

The Smith S-IIA: Features the same active/passive unit except it is a dovetail style instrument similar to the S-II and comes with chrome plated parts.

All Smith Basses have a five year warranty and a one-year limited parts and labor warranty.
