```

@0:54ish - There is a chromatic walk down from the B
To the G (the band should all sync here)

@1:25ish - There is a chromatic walk down from the C
To the G (the band should all sync here)

@2:43ish there is break where the band plays C

Vox:

*Don't drive your car, don't start no stuff in no bar,
hell I wouldn't even tell anybody where you are*

Come back in on the G ---

end it the intro riff
