Retail Price List--Effective Feb. 1 1994

The Modulus Graphite "Sweet Spot" Basses

These basses roar with the explosive power of the **EMG-DC humbucking bass pickup**. Placed in the "Sweet Spot," this 18-volt monster packs power, punch, and presence. The pickup was **co-designed with EMG** especially for these instruments. The **EMG-BTS active bass/treble system**, as standard equipment, offers a wide range of easily accessible sounds. All "Sweet Spot" basses use the same detachable **patented Modulus Graphite neck** as the SPi-Custom series, featuring the **Integrated Neck Joint™** for seamless access to the 24th fret, and a 35" scale length for maximum low B playability! This gives all the strings that taut, authoritative sound that really 'speaks.'

Modulus M92 Basses

Designed to be the ultimate performance machine, these stage-ready basses feature a striking pickguard, alder bodies, and phenolic fingerboards. When the 5-string M92 was reviewed in the May/June issue of Bass Player magazine, they said: "Simply stated, the M92 sounds exactly the way a 5-string should sound." Chrome hardware is standard.

Part#	Model	Nut Width	Width @ 24th	Pickups	Bridge	Retail Price
BSM4	Modulus M92-4	1.6"	2.5"	EMG-35DC	Gotoh 201	\$1,795
BSM5	Modulus M92-5	1.8"	2.75"	EMG-40DC	Schaller	\$1,995

Modulus Prime™ Basses

The Prime™ features a light Swamp Ash body and cocabola fingerboard. The rear-routed ash body delivers a potent sound with that 'woody' edge. The beautiful renewable-harvest cocabola fingerboard adds a sensual touch as well. Chrome hardware is standard.

Part#	Model	Nut Width	Width @ 24th	Pickups	Bridge	Retail Price
BSP4	Modulus Prime-4	1.6"	2.5"	EMG-35DC	Gotoh 201	\$1,995
BSP5	Modulus Prime-5	1.8"	2.75"	EMG-40DC	Schaller	\$2,195
BSP6	Modulus Prime-6	2.0"	3.25"	EMG-45DC	APM 2460	\$2,495

Quantum SPi "Sweet Spot" Basses

Combining the "Sweet Spot" power of the M92/Prime™ series with the exotic hardwood tops of the Custom series, these basses ARE Beauty and the Beast at the same time! Black or gold hardware is a standard feature, as well as a phenolic fingerboard.

Part#	Model	Nut Width	Width @ 24th	Pickups	Bridge	Retail Price
BSQ4XL-SS	Quantum 4 SPi-Sweet Spot	1.6"	2.5"	EMG-35DC	Gotoh 201	\$2,095
BSQ5XL-SS	Quantum 5 SPi-Sweet Spot	1.8"	2.75"	EMG-40DC	Schaller	\$2,295
BSQ6XL-SS	Quantum 6 SPi-Sweet Spot	2.0"	3.25"	EMG-45DC	APM 2460	\$2,595

Quantum SPi-Custom Basses

*These top-of-the-line detachable-neck basses come **fully-loaded** straight from the factory. Built around the **Integrated Neck Joint™**, the SPi's standard electronics feature **two EMG-soapbar pickups** in the split-coil (P) configuration, complete with the **EMG-BTS active bass/treble system**. Figured Maple tops over Alder, and black hardware are also standard.*

Part#	Model	Nut Width	Width @ 24th	Pickups	Bridge	Retail Price
BSQ4XL-C	Quantum 4 SPi Custom	1.6"	2.5"	2 EMG-35P	Gotoh 206	\$2,495
BSQ5XL-C	Quantum 5 SPi Custom	1.8"	2.75"	2 EMG-40P	Schaller	\$2,695
BSQ6XL-C	Quantum 6 SPi Custom	2.0"	3.25"	2 EMG-45P	APM 2460	\$2,995

Quantum Thru-Body Basses

*The TBX series is Modulus' top-of-the-line. These thru-body basses have **smoothly sculpted neck/body transitions**, and represent the true '**Dream Bass**'. All TBX basses feature Quilted Maple tops over Alder, gold hardware, **two EMG-soapbar pickups** in the split-coil (P) configuration, and the **EMG-BTS active bass/treble system**. Gotoh 510 bridge upgrades no charge!*

Part#	Model	Nut Width	Width @ 24th	Pickups	Bridge	Retail Price
BIQ4XL	Quantum 4 TBX	1.6"	2.5"	2 EMG-35P	Gotoh 206	\$3,695
BIQ5XL	Quantum 5 TBX	1.8"	2.75"	2 EMG-40P	ABM	\$4,095
BIQ6XL	Quantum 6 TBX	2.0"	3.25"	2 EMG-45P	ABM	\$4,495

Bass Specifications

All Modulus Basses have the following unique features.

NECK

The patented Modulus Graphite neck (U.S. Patent #4,145,948) is fabricated and hand-laid from the finest aerospace grade graphite/epoxy composite available.

NUT

Also fabricated from the same hand-laid graphite/epoxy composite material, the nut is much harder than the graphite/nylon nuts that are commonly in use.

TUNERS

Modulus/Gotoh tuners with a 20:1 ratio.

FRETS

24 Jumbo frets (Dunlop 6155)

SCALE LENGTH

35"

Exotic Woods

We always maintain a wide selection of figured, rare and exotic woods. Due to the changing nature of that market, prices may fluctuate. The supply of quilted maple, for example, has become so volatile, we strongly suggest you call first for our 'catch of the day.' There will also be woods occasionally available that are not listed.

In an effort to be more environmentally aware, Modulus has adopted some 'Green' guidelines. Our goal is not to buy any recently-harvested wood that isn't harvested in a sustain-yield manner. We have already obtained an excellent supply of Cocobola that has met our criteria.

Available Only on TBX and Spi Basses

(5 and 6 string detachable-neck, and Q6TBX only current available models)	

Bartolini Pickups

Available on Quantum Spi-Custom and Quantum TBX basses only.

4 and 5 string pickups: Custom-wound MBDE triple coil pickup (wired to an "E" switch which switches from single coil, series, or parallel), and one MBCC humbucker.

6 string pickups: Two P56C 4-coil pickups. These 8-conductor pickups can be switched from series humbucking to traditional and reversed split-coil "P" settings.

NTBT has separate Bass and Treble controls

NTMB has Bass, Mid, Treble controls

Replacement Necks

Modulus has always made its necks available in the traditional styles, but since the bulk of the demand for Modulus product has been for the instruments, please be patient if you order one of these.

TSTD	Tie-dye T	30.00

Custom Work

Because of Modulus' leadership in bass technology, we get many requests for "Custom" instruments. Usually some combination of available options will do, other times it has to be a "Special Order." Due to the nature of custom work, delivery times should be longer than for a special order of standard options. **Deposits on custom work are not refundable.**
