Hardware & other features

- Custom hand peaked frets
- Custom Smith brass nut and inlaid Strap Loks®
- Chrome plated Schaller machines and custom design Leo Quan Bass bridge
- Custom balanced Smith bass strings & 12 ft. Lawrence phone cable
- Custom plush lined hardshell case with key lock

These models have many extras available which include:

- Laminated top or top & back of Exotic hardwoods such as: Bubinga, Rosewood, Koa, Walnut, etc.
- Fretless fingerboard at no extra charge (blank or w/maple slots)
- Ebony or Caviuna fingerboard
- Clear lacquer or black lacquer finish
- Gold plated parts throughout
- Five piece laminated neck of maple and caviuna

In addition to our fine craftsmanship and superior electronic design is our super custom set-up job. Each bass is superbly adjusted with a brass nut and bridge slots - cut exactly and with perfect playing action (including intonation). You can literally take a brand new Smith Bass out of its case, tune it up, and do a recording or concert with it without any adjustments necessary (other than personal requirements). "We guarantee every Smith Bass to play like a dream. I should know, I set up each bass myself." — Ken Smith

All Smith Basses have a five year limited warranty and a one year limited parts and labor warranty.
