

SONUS[®]

Custom & Special

The Custom is a hybrid of the Sonus and Legacy models. Voiced with a rich bottom, growly mids, and a sweet, bright treble response, the versatility of this instrument makes it a perfect choice for bassists who play a variety of musical styles.

The Special is designed with maximum cut for bassists who need an articulate voice that won't get lost in a wall of sound. The natural compression from the Bubinga top and the low mid enhancement of the pickup configuration make this bass speak with clarity and focus.

(L to R) Custom 5-string with optional Myrtlewood top and piezo bridge; Special 6-string fretless with lines; Custom 4-string with curly Maple top/transparent red; Special 5-string
